10)Source of Funding:	Nil			

B) Report

i. **Title:** Film Fest - 'Rocketry'

ii. **Introduction:** Department of English believes in the transformative power of film to inspire, provoke thought, and spark meaningful conversations. Our Film Fest activity is a testament to this belief, celebrating the power of storytelling through the art of cinema right here in our campus. A film named as 'Rocketry' was shown on 30/08/2024. Mr. Nrushihah Lahane was the in-charge of this activity. Students pursuing UG and PG programs of our institute were invited to grab this opportunity.

iii **Objectives of the workshop:**

- 1) Introduce students to diverse cultures, perspectives, and social traditions.
- 2) Provide an opportunity for students to engage critically with film as an art form and as a medium for storytelling.
- 3) Raise awareness of social issues and promote dialogue on topics such as diversity, equality, human rights.
- 4) Offer students a chance to relax and enjoy quality entertainment outside of their academic responsibilities fostering a positive campus culture.
- 5) Inspire students to pursue their passions and express themselves creatively.
- 6) Spread the awareness and dedication towards our nation

iv. **Details of participants:** 120 Students from UG and PG programs and 07 teachers were present.

V. **Brief summary of events:**

A film based on the espionage case of Indian Space Research Organisation (ISRO) scientist Nambi Narayanan was first announced to the media in September 2012 by director Anant Mahadevan.

The film was to be made in the English, Hindi and Malayalam languages.

The Nambi Effect was first reported by Madhavan in the media during April 2017, when Madhavan chose to alter his original script to include portions from Narayanan's entire career and his services to the Indian space programme, rather than just matters related to the espionage case and his 1994 arrest. For the script, he also took inspiration from Narayanan's autobiography *Ormakalude Bhramanapadham* (2017) and Arun Ram's official biography of the scientist titled *Ready To Fire: How India and I Survived the ISRO Spy Case* (2018). An "incisive investigation into a brilliant mind and India's ambitious space technology". He also added that he felt that Madhavan was the "only Indian actor qualified to do this part" owing to his background as an electronic engineer with air-force training, and because he was "a thinking-actor who is also well-read". Madhavan was later announced as a joint director of the film.

Movie got national film fair award in 17 oct 2023.

Activity in charge Mr. Nrushihah Lahane conducted this activity where in students and staff members attended the program in audio visual lab (403) at Department of English

vi. **Conclusion:**

Film Fest was a resounding success, bringing together students and staff in celebration of the power of storytelling and the art of cinema. It provided a space for inspiration and dedication to our nation with the help of patriotic movie like rocketry we can build our mind set and dedication toward our nation.
