Department of Biotechnology
A) Summary**

1) Title of Programme:		Guest Lecture on "Cultivating and Entrepreneurial Mindset"		
2) Name of Organizing Department/Unit:		Department of Biotechnology		
3) Name of the Coordinator(s)/ Convener(s)/ Organizer(s) of the Programme:		Chief Organizer: Dr Mahadev Gavhane (Principal) Joint Chief Organizer: Prof. S. N. Shinde (Vice-Principal) Head: Dr. S. S. Kulkarni		
4) Date(s) of the Programme:		14 th October 2024		
5) Venue/ Mode:		Seminar Hall		
6) Target Group:		B. Sc BT II, III & M. Sc BT II Year Students.		
7) Number of Participants:		Male	Female	Total
A separate list with signatures be maintained in the department/Unit)	Teaching	00	00	00
	Non- Teaching	00	00	00
	Students	33	39	72
8) Name(s) and details of ResourcePerson(s), if any:		1. Dr. Amol Chaudhari Scientist and Academician 2. Dr. Vivek Atre Entrepreneur and Consultant for many Businesses.		
9) Total Expenditure for the Programme:		Nil		
10) Source of Funding:		Not Applicable		

B) Report

i. Title

Guest Lecture on “Cultivating and Entrepreneurial Mindset”

ii. Introduction

The Department of Biotechnology organized a guest lecture on the topic “Cultivating an Entrepreneurial Mindset” to inspire and equip students with the essential entrepreneurial skills needed for success in today’s rapidly evolving biotechnology sector. Recognizing the growing demand for innovation and business acumen in the field of biotechnology, this lecture aimed to bridge the gap between academic learning and the practical aspects of entrepreneurship. The session was designed to motivate students to think beyond conventional career paths and to consider entrepreneurship as a viable and exciting opportunity within biotechnology. The lecture was held on 14th October 2024.

iii. Objectives

- To introduce students to the key principles of entrepreneurship and how they can be applied in the biotechnology sector.
- To inspire students to develop an entrepreneurial mindset, fostering innovation and problem-solving.
- To provide insights into the challenges and opportunities of starting and managing a biotechnology venture.
- To encourage students to think creatively about applying their scientific knowledge in the business domain, particularly within biotechnology startups.

iv. Details of Participants

72 Participants (33 Male and 39 female) attended the guest lecture.

v. Brief Summary of Events/ Sessions

The Department of Biotechnology conducted a guest lecture to provide insights into the challenges and opportunities of starting and managing a biotechnology venture. Dr. Amol Chaudhari, a renowned scientist, kicked off the event by discussing the evolving biotechnology industry and how students can use their scientific knowledge to drive innovation, especially through biotech startups. He shared practical tips on identifying market gaps, formulating ideas, and launching ventures. Dr. Vivek Atre, an entrepreneur and consultant, then focused on the entrepreneurial mindset needed for success. He shared real-world examples, highlighting

resilience, networking, and continuous learning. Dr. Atre also covered key aspects like managing risk, raising funds, and building strong teams, encouraging students to solve problems through scientific innovation. The event ended with a Q&A session, where students received valuable advice from both experts.

vi. Conclusion with Feedback on the Programme

The Guest Lecture was an inspiring and successful event. Dr. Vivek Atre and Dr. Amol Chaudhari provided insightful information about how students might use their scientific background to pursue entrepreneurship in the biotechnology industry. Students and teachers had lively conversations about fusing scientific research with business tactics as a result of the event. All things considered, the talk gave students the skills they needed to investigate fresh prospects in biotechnology and encouraged an entrepreneurial spirit.
