ii) Introduction:

The plastic is non-biodegradable and hazardous material. It is responsible for the pollution of land and water. It becomes toxic and hazardous to the animals after its consumption. Presently the plastic pollution became the Global issue. People are using the plastics endlessly for their comfort. It is the extreme time to aware the people from the harms and consequences of plastic pollution. The students should be aware about minimum or not use of plastic. Plastic pollution is affective to the whole earth; including mankind, while life and aquatic life. We all must realize the harmful impact and to avoid use of plastic.

iii) Objectives of the programme:

1. To create awareness about plastic eradication among the people.
2. To motivate the people to use eco-friendly object in place of plastic.
3. To aware the people from the harms and consequences of plastic pollution.
4. To know the toxic effects of plastic to the mankind and animals.

iv) Details of participants: 36 (Male-09 & Female-27)

v) Brief summary of Events:

Department of Botany organized plastic Eradication on 25th Sep 2024 at the Sanjeevani Bet, Wadwal Nagnath. This helped to aware the students about the proper use of plastic and its eradication. Students collected plastic waste from that place and eradicated it successfully. The students have contributed to make this programme successful. There were 36 participants in the programme. To make this programme successful special efforts were taken by programme in charge Dr. K.D. Savant.

vi) Conclusion of the programme:

This programme created awareness about the plastic pollution. This helped to know the toxic effects of the plastics to living beings. This programme motivated the students for complete eradication of the plastics.
