B) Report

i) Title: Short Excursion

ii) Introduction:

Department of Botany Organized one day short excursion at Sanjeevani Bet, Wadwal (Nagnath) which is very famous for its unique feature of producing a very rare species of Ayurvedic bushes and plants. The rare plants grow in the month July to September (Uttara Nakshatra). In this period Ayurvedic practitioners, and researchers from various places visit this place in search of rare plants. Hence, it is also beneficial to the local tribes as there is sharing of rich traditional knowledge. It is 16.5 km away from Chakur and 39 Km from Latur city. The hill is of 600- 700 feet height from the sea level and is 3 km away from Wadwal-Nagnath village.

iii) Objectives of the Visit:

1. To understand the biodiversity of nature.
2. To identify various medicinal plants and their properties.
3. To know the technique of Herbarium.
4. To know the local tribes are knowledgeable about the island and its medicinal plants.

iv) Details of Participants: 36 (Male-09, Female-27)
