## B) Report

**i. Title:** College Day Celebration

**ii. Introduction:**

The celebration of College Day holds significant importance due to its emphasis on togetherness and unity. The Department of Physics and Electronics organized the College Day event for both undergraduate (U.G.) and postgraduate (P.G.) students on February 15, 2024. This celebration marks a notable difference in the lives of students, providing them with much-needed relaxation and relief from their busy study schedules. It also serves as an opportunity for students to recognize the dedication and hard work of their teachers in imparting knowledge.

The fun and enjoyment experienced during the College Day festivities rejuvenate the minds and bodies of students, ultimately contributing to their overall energy and well-being. Furthermore, it instills confidence in students, motivating them to learn and work with increased vigor. College Day celebration serves as a joyous reminder of the strength of our community and the boundless opportunities that lie ahead.

**iii. Objectives**

- ❖ To acquire knowledge of the subjects.
- ❖ To foster creativity and logical thinking.
- ❖ To enhance teaching skills.
- ❖ To cultivate leadership, patience, and passion among students.

**iv. Details of Participants**

16 participants (Male 04 and 12 Female) served as teachers.

**v. Brief Summary of Events/ Sessions**

For this occasion, special seating arrangements were organized in the Physics laboratory for participating students. Timetables and course structures were specifically tailored for these participants. Classes were allocated to the participants according to the timetable for instruction. Throughout the day, students conducted lectures for both undergraduate (UG) and postgraduate (PG) classes. The participants diligently carried out teaching activities under the guidance of the head of the department and teachers.

**vi. Conclusion, with Feedback**

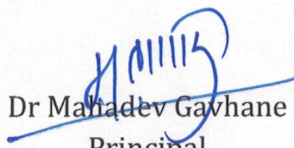

This activity was successfully carried out with energetic involvement from both students and faculty members. The participants fulfilled their teaching duties effectively under the guidance of senior faculty members. This activity facilitated the enhancement of students' subject knowledge, teaching skills, and self-confidence.
