B) Report

i) **Title:** Science Exhibition: An Outreach Activity for School Students and Teachers.

ii) **Introductions:**

Colleges and institutions play a central role in fostering social harmony and ensuring quality education at the secondary school level. The Department of Zoology and Fishery Science actively contributes to environmental conservation and awareness by organizing various programs in Latur City and surrounding areas. To enhance students' understanding of scientific concepts, experimental demonstrations provide valuable hands-on learning experiences. As part of its outreach initiatives, the Department of Zoology and Fishery Science organizes a **Two-Day Experimental Demonstration Program** for school students and teachers, aimed at promoting experiential learning in secondary education.

iii) **Objectives of the Programme**

1. To promote scientific curiosity and critical thinking among students.
2. To enhance practical skills by engaging students in hands-on experimentation.
3. To develop problem-solving abilities through interactive learning experiences.
4. To foster an interest in zoology and fisheries science as potential career paths.
5. To encourage environmental awareness and conservation efforts through scientific education.

iv) **Details of participants:** 137 participants (Male 25 and 112 Female) attended the Science Exhibition.

v) **Brief summary of Events:**

The Department of Zoology and Fishery Science organized a **Two-Day Experimental Demonstration Program** in January 2025, inviting students and teachers from various schools to participate. The program commenced with an **inaugural session** and a warm welcome for the attending school teachers and students. During the event, the department arranged a series of scientific experiments, where **faculty members, undergraduate and postgraduate students** conducted demonstrations. They provided insightful explanations of various **museum specimens**, offering school students a valuable opportunity to engage in hands-on learning and deepen their understanding of scientific concepts.

vi) **Conclusion:** About 109 students visited to the department and they got knowledge about scientific experiments and museum specimens.

vii) Any Appendix if Necessary: List of Participants attached. **Date:** 28.01.2025 to 29.01.2025
